

DAVID WEILL Visual Designer (Responsive UI/Print/e-Learning) & Front-End Developer

EXPERIENCE 2011-Present

Principal/Designer/Developer, The W Studio, Baton Rouge, LA

- Designing and building HTML5/responsive CSS3/jQuery interfaces for websites and online apps.
- Designing identity packages (logo/business cards/envelopes) and print paraphernalia (postcards/flyers) for a variety of clientele.
- Developing both simple and rich media ads for the DoubleClick advertising platform.
- Responsible for the management, execution, and billing of all projects.

2011-2017

Contractor - Graphic Designer/Software Engineer, NexLearn, Baton Rouge, LA

- Designing interfaces for e-learning courseware.
- Developing components for SimWriter, NexLearn's authoring tool for the creation of immersive learning simulations.
- Designing, developing, authoring, managing, and implementing e-learning projects, as well as other web projects, on a per-project basis.

2000-2011

Senior e-Learning Developer/UI Designer, Portico Learning Solutions, Baton Rouge, LA*

- Designed and developed interfaces (in .NET) for online portals, management systems, and e-commerce websites.
- Developed tools to facilitate the authoring of online training courses (using Flash ActionScript).
- Responsible for the authoring and implementation of online training courses for national and international clientele, including GlaxoSmithKline, Frito-Lay, Entergy, Remington, and NOAA.
- Assisted with technical support for CareerMap, Portico's Learning Management System.
- Created and implemented standards (SCORM and proprietary), processes, and quality assurance methods for multimedia development.

**Note:* Portico was acquired by NexLearn (based in Kansas) on July 1, 2011, at which time all Portico courseware producers became independent contractors.

1997-2000

Web Developer, Explore Interactive, Baton Rouge, LA

- Designed web projects.
- Authored websites and other interactive media (using DreamWeaver and Flash).
- Met with clients to determine scope of work.
- Assisted in the development of standards, processes, and quality assurance methods for web development.

1995-1997

Multimedia Developer, Interactive Systems International, New Orleans, LA

- Designed screens/navigation for various multimedia projects.
- Authored multimedia projects for CD-Rom (using Director and Authorware), as well as CD-i (using Media Mogul).
